Please text me at [267-423-5892](tel:267-423-5892) ...be specific about which kitten you are interested in. I require \$300 deposit to hold a kitten until it is ready to leave my home. You can find me on facebook under [Reginamurcattery](#). I have a wonderful reputation for producing sweet, healthy, and beautiful bengal kittens for families. What to expect?

Step 1: Text//message/email me which kitten you want and provide me with your email address.

Step 2: I email you a purchase agreement and mail to me with a \$300 deposit and I list the kitten as "PENDING"

Step 3: I place the kitten on HOLD for you.

I have 2 wonderful repeat breedings planned. I bred these parents last year and the babies look and temperament were outstanding. I will post previous kittens from the pairs so you will know what to expect. I will begin a waiting list for my upcoming litters also. To be on my waiting list I now require a **\$50** deposit be placed because a high percentage of families were asking to be on my list but were not serious about wanting a kitten. This can be sent via **Paypal** to reginabengal@yahoo.com. Waiting list families get preference to all kittens born. Our prices vary on the color of the kittens and their pattern, so we can not tell you 100% what will be the price till they are born, but usually as a pet around **\$1600-2000**

We gonna have two new litters in March and April. Offered for a reserve of kittens of a Bengal cat. Grow these home leopards, with good character, healthy, active. Grow on high quality food and meat. Socialized. At the time of move into a new house will be vaccinated. With documents, genetic testing: **PRA, PKdef and a feline virus tests:FIV/FLV and FIPM. They need to grow up to 2.5 -3 months old with their mom.**
